

Information on exam and example questions:

The exam requires you to answer 3 questions from 9 in 3 hours.

The class presentation questions give good guidance to the type of questions you can expect.

The structure of the paper with questions based on those given for class presentations is:

- 1&2. Questions on corporate finance. Look to your seminar questions for guidance.
3. "In economic terms globalisation is unequivocally a positive development" Discuss
4. "Free and unfettered trade can only be good for business and development" Discuss
5. "Firm growth can simply be explained by random effects" Discuss
6. "Foreign direct investment flows result from international differences in labour costs" Discuss
7. What are multinational corporations and why do they exist?
8. "Mergers and acquisitions are dangerous to the modern economy" Discuss
9. "UK corporate governance provides the best model for the regulation of industry" Discuss
